

FIRE SAFETY POLICY STATEMENT

The Board, Management and Staff of Associated Battery Manufacturers EA Ltd, are committed to ensure as far as reasonably practical, that all steps are taken to prevent and minimize the effects of fire in the premises (or parts of the premises) which is in control of the premises.

The Management encourages and supports a high-quality approach to maintaining a safe environment. The Company shall provide a safe physical environment, information, suitable fire safety training, and evacuation procedures in accordance with *Fire Risk Reduction Rules, 2007* and the *Occupational Safety and Health Act, 2007*. In this respect, this policy is an underpinning mechanism for managing fire safety within the workplace.

To achieve this, they shall have the following objectives:

Compliance

Company complies with its statutory responsibilities under the *Fire Safety Risk Reduction Rules, 2007* and the *Occupational Safety and Health Act, 2007*

Prevention

To prevent incidents of fire occurring, to initiate prompt and effective action in the event of an incident.

Protection

Ensure that clients, visitors, contractors and members of staff can be safely and quickly be evacuated.

Ensure the property is protected from adverse fire incidents and the environment is not polluted.

Communication

The policy will be openly communicated to all the stakeholders and availed to interested parties as appropriate.

This policy applies to all business operations and functions, including those situations where employees are required to work off-site.
